

APHASIOLOGY

CONTENTS OF VOLUME 6

NUMBER 1 JANUARY-FEBRUARY 1992

Major Review

Primary progressive aphasia

Joseph R. Duffy and Ronald C. Petersen

1

Papers

Language recovery following surgery and CNS prophylaxis for the treatment of childhood medulloblastoma: a prospective study of three cases

Lisa J. Hudson and Bruce E. Murdoch

17

Classifying aphasia: cluster analysis of Western Aphasia Battery and Boston

Diagnostic Aphasia Examination results

Michael A. Crary, Robert T. Wertz and Jon L. Deal

29

Comprehension of personally relevant (PERL) versus novel language in two globally aphasic patients

Diana van Lancker and Claire K. H. Nicklay

37

Clinical Forum

Functional assessment of communication: merging public policy with clinical views

Carol M. Frattali

63

Functional communication assessment and intervention: some thoughts on the state of the art

Roberta Chapoy

85

Functional assessment of communication: implications for the rehabilitation of aphasic people: reply to Carol Frattali

Carol Sacchetti and Jane Marshall

95

Functional assessment: a clinical perspective

Erich Scherzer

101

Functional communication assessment: an Australian perspective

Linda Worrall

105

Beyond barriers: a reply to Chapoy, Sacchetti and Marshall, Scherzer, and Worrall

Carol M. Frattali

111

Book Reviews

Handbook of Clinical Child Neuropsychology

A. F. Schwartz

117

Acquired Neurological Speech/Language Disorders in Childhood

Philippe F. Paquier

118

NUMBER 2 MARCH-APRIL 1992

Papers

- Factors associated with improvement in global aphasia
Victor W. Mark, Barbara E. Thomas and Rita Sloan Berndt 121

- Chronic language deficits in children treated for posterior fossa tumour
Lisa J. Hudson and Bruce E. Murdoch 135

Special feature on computers in rehabilitation

- Editorial: Microcomputers and aphasia
Elizabeth C. Dean 151

- Microcomputer treatment applications in aphasiology
F. L. Loverso, T. E. Prescott and M. Selinger 155

- Computerized hierarchical reading treatment in aphasia
Richard C. Katz and Robert T. Wertz 165

- Multicue
M. van Mourik and W. M. E. van de Sandt-Koenderman 179

- Computers in the rehabilitation of chronic, severe aphasia: C-VIC 2.0 cross-modal studies
Richard D. Steele, Maria K. Kleczewska, Gloria S. Carlson and Michael Weinrich 185

- Potential of telephonic and television technology for appraising and diagnosing neurogenic communication disorders in remote settings
Robert T. Wertz, Nina F. Dronkers, Ellen Bernstein-Ellis, Lisa K. Sterling, Yvonne Shubitowski, Roberta Elman, Gregory K. Shenaut, Robert T. Knight and Jon L. Deal 195

- Sesame: an interactive video lexicon
Liesbeth Pyfers 203

- A survey of therapists' attitudes to computers in the home-based treatment of adult aphasics
Brian Petheram 207

Book Reviews

- Cognitive Approaches in Neuropsychological Rehabilitation
Ian Fussey 213

- Aphasia Therapy in Practice: Comprehension
Heather Hill 214

- Modular Deficits in Alzheimer-Type Dementia
Siobhan Hart 215

NUMBER 3 MAY-JUNE 1992

Major Review

- Neural basis of language and motor behaviour: perspectives from American Sign Language
Howard Poizner and Judy Kegl 219

Papers

- A comparison of picture-stimulus and conversational elicitation contexts:
responses to comments by adults with aphasia
Jacqueline J. Hinckley and Holly K. Craig 257

- Everyday reading and writing practices of normal adults: implications
for aphasia assessment
Susan Parr 273

Case Studies

- Lasting mutism associated with buccofacial apraxia
David Pineda and Alfredo Ardila 285

- Left unilateral dysgraphia in a patient with an atypical pattern of
handedness: a cognitive analysis
Pascal Zesiger and Eugène Mayer 293

- Deep dyslexia in a Dutch-speaking patient
*P. Paquier, P. van Vugt, P. Bal, H.R. van Dongen, P.M. Parizel,
W. Creten and J.J. Martin* 309

Short Reports

- Self-administered therapy at home for aphasic patients
Pam Enderby and Brian Petheram 321

- Conversational discourse in aphasia
Hanna K. Ulatowska, Lee Allard, Belinda A. Reyes, Jean Ford and Sandra Chapman 325

Book Reviews

- Symposium on Therapeutic Approaches in Aphasia
Roelien Bastiaanse 331

- Manual of Aphasia Therapy
Helen Sylvester 332

NUMBER 4 JULY-AUGUST 1992

Special Issue: Recovery of Aphasia

Editorial

- Recovery of aphasia: in praise of diachrony
Stefano F. Cappa 335

Papers

- Prognostic factors in aphasia
Anna Basso 337

- Temporoparietal cortex and the recovery of language comprehension in aphasia
E. Jeffrey Metter, Catherine A. Jackson, Daniel Kempler and Wayne R. Hanson 349

- The role of the left and right hemispheres in recovery from aphasia
Stefano F. Cappa and Giuseppe Vallar 359

- Acute aphasia—patterns and prognosis
Claus-W. Wallesch, Thomas Bak and Jürgen Schulte-Mönting 373

Spontaneous evolution of aphasia after ischaemic stroke <i>M. Mazzoni, M. Vista, L. Pardossi, L. Avila, F. Bianchi and P. Moretti</i>	387
A longitudinal comparison of the oral reading and repetition of nouns in acute fluent aphasics <i>Susan E. Kohn, Katherine L. Smith and Michael P. Alexander</i>	397
Recovery in jargonaphasia <i>Nina N. Simmons and Hugh W. Buckingham, Jr</i>	403
The influence of infarct location on recovery from global aphasia <i>José M. Ferro</i>	415
Recovery of acquired aphasia in children <i>Isabel Pavão Martins and José M. Ferro</i>	431
Book Reviews	
<i>Acquired Aphasia</i> , 2nd Edition. By M. T. Sarno <i>Jane Marshall</i>	439
<i>Aphasia and Related Neurogenic Language Disorders</i> By L. La Pointe <i>Catherine Mackenzie</i>	441

NUMBER 5 SEPTEMBER-OCTOBER 1992

Major Review

Modularism, holism, connectionism: old conflicts and new perspectives in aphasiology and neuropsychology <i>Ralph-Axel Müller</i>	443
-----------------------------------------------------------------------------------------------------------------------------------------	-----

Papers

The distribution of major grammatical classes in the vocabulary of Romanian aphasic patients <i>A. Fradis, L. Mihailescu and I. Jipescu</i>	477
Cognition in global aphasia: indicators for therapy <i>M. van Mourik, M. Verschaeve, P. Boon, P. Paquier and F. van Harskamp</i>	491
The influence of word length on syllable duration in aphasia: acoustic analyses <i>Shari R. Baum</i>	501

Book Reviews

<i>Aphasia Therapy in Practice: Reading</i> <i>Susan Parr</i>	515
<i>Acquired Aphasia in Children: Acquisition and Breakdown of Language in the Developing Brain</i> <i>Janet A. Lees</i>	516
Announcement	518

NUMBER 6 NOVEMBER-DECEMBER 1992

Review

Pragmatic assessment in adult aphasia: a clinical review <i>Sruwimon Manochipinig, Christine Sheard and Vicki A. Reed</i>	519
------------------------------------------------------------------------------------------------------------------------------	-----

Papers

- Stop voicing in Thai after unilateral brain damage
J. Gandour, S. Ponglorpisit, F. Khunadorn, S. Dechongkit, P. Boongird and R. Boonklam 535

- Spontaneously generated narratives of children treated for posterior fossa tumour
Lisa J. Hudson and Bruce E. Murdoch 549

- Effects of facilitation and cueing on labelling of 'novel' stimuli by aphasic subjects
Robert C. Marshall, Sandra I. Neuburger and David S. Phillips 567

- Crossed aphasia: new perspectives
Patrick Coppens and Randall R. Robey 585

Book Reviews

- Jumbly Words, and Wrongs Where Rights Should Be: The Experience of Aphasia from the Inside
Jennifer Eastwood 597
